## **TECHNICAL SKILLS**

- MEAN Stack –  
    mongoDB,  
    Express, AngularJS,  
    Node.js
- AngularJS Material
- JavaScript
- jQuery
- HTML5
- CSS3
- Bootstrap
- API
- Mongoose
- UI Bootstrap
- PostgreSQL
- Npm
- Heroku
- Swift 3
- Xcode 8
- Grunt
- Passport
- unit testing  
    (Mocha, Chai)

## **PROFESSIONAL EXPERIENCE**

### **Prime Digital Academy—Full Stack Software Development Student, *February 2017 – July 2017***

- Toastmasters Icebreaker Speech, *May 24, 2017*
- Solo Project: Science123 Quiz App
  - Designed quiz app to extend student learning outside classroom and provide professor with platform to use 1000+ pre-existing student-generated quiz questions
  - Students take short quizzes on course content and can submit questions for inclusion in quiz; professor/admin reviews student-submitted questions for approval/exclusion from database
  - Tech Used: MEAN Stack (MongoDB, Express, AngularJS, Node.js), AngularJS Material, Nodemailer
  - Hosted on Heroku: [sci123.herokuapp.com](http://sci123.herokuapp.com)
- Group Project : St Croix Valley Regional Tourism Alliance
  - Worked collaboratively on team of four developers with St Croix Valley Regional Tourism Association staff to design customized interactive map application allowing for a dynamic user experience and administrator privileges
  - Application allows website visitors to select attractions based on their interests and location and see suggested trips; Admin functionality enables continued customization of attractions and trips
  - Wrote code to customize admin and place modal content, save new place to database, customize map display, create info windows, create top navbar including view for mobile vs larger screen, prepare app for deployment using environment variables
  - Tech Used: PostgreSQL, Node, Express, AngularJS, Bootstrap, Bootstrap UI, Google Maps API, Angular Maps, Firebase, SweetAlert
  - Hosted on Heroku: [stcroixmap.herokuapp.com](http://stcroixmap.herokuapp.com)

### **Gillette Children's Specialty Healthcare—Social Worker, *May 2010 – March 2017***

- Served patients and families in inpatient hospital and outpatient clinic social work positions
- Maintained working knowledge of variety of medical/surgical specialties and diagnoses and how it relates to discharge planning, home needs and impact on patient and family life
- Participated in monthly Ethics Committee meetings as social work representative
- Facilitated referrals to outside vendors and community partners for wide range of services and needs
- Coordinated discharge needs of patients and families as part of timely and safe discharge plan
- Conducted psychosocial and crisis mental health assessments

### **North Memorial Health Care—Hospital Social Worker, *March 2006 – April 2010***

- Trained as EPIC (electronic medical record) SuperUser; provided department-specific computer education and support to coworkers through the transition from paper to electronic medical record
- Conducted psychosocial assessments; collaborated with interdisciplinary team, patients and families, and community agencies to coordinate and facilitate safe, timely and appropriate discharge plan
- Provided education and information to patients and families regarding insurance coverage/payor issues, community resources, and eligibility for programs and services

### **Gillette Children's Specialty Healthcare—Temporary Social Worker, *November 2005 – February 2006***

- Assessed acute and ongoing needs of patients and families, coordinated discharge plans, and made customized referrals
- Engaged patient and family members in crisis counseling, as appropriate
- Collaborated with members of an interdisciplinary team
- Facilitated and organized family care conferences

**Seattle Children's Hospital—Pediatric Pulmonary Center Social Work Intern, *September 2004 – June 2005***

- Conducted psychosocial assessments of patients and families in the Pulmonary division
- Provided support and referrals for resources to meet concrete needs
